# MAY 2025

ROBINAGE

On this day in 1960, the states of Maharashtra and Gujarat were officially formed.

Celebrate **Harry Potter Day** by creating your own magical spell.

The letter 'W' is the only letter in the alphabet with three syllables, while all others have just one.

It's **Star Wars Day!** The date, was chosen as a pun on the famous catchphrase, "May the force be with you!"

People who are allergic to cats can sometimes pet them without sneezing or itching.

Once fully grown, sunflowers permanently face east to absorb the morning sun.

It's Rabindranath Tagore's birthday. His poetry collection 'Gitanjali' won the Nobel Prize for Literature in 1913.

Lotus seeds have been found in ancient tombs and can still germinate after 1,000 years.

The month of May is when bees are most active. A single bee can visit up to 5,000 flowers a day.

Almonds, pears, peaches, cherries and strawberries all belong to the same plant family, Rosaceae.

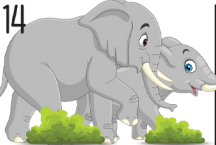

It's **Mother's Day**. How are you planning to celebrate your mother today?

Giraffes have the highest blood pressure of any animal.

The human eye can detect up to 10 million colours.

Elephants can detect underground vibrations with their feet.

A dolphin can hold its breath for five to eight minutes at a time.

Believe it or not, pigeons can recognise themselves in a mirror.

Pigs are among the most intelligent animals in the world.

It's **International Museum Day**. Founded in 1814, the Indian Museum in Kolkata is India's oldest museum.

It takes approximately 12 hours for food to be fully digested in the human body.

Wombats produce cube-shaped faeces, which helps keep their poop from rolling away.

14 frog species in the world have no tongue. One of them is the African dwarf frog.

The mantis shrimp's punch is so strong that it can break aquarium glass!

Ants don't have lungs. Instead they absorb oxygen through tiny holes in their body.

On this day in 1965, Captain MS Kohli led the first successful Indian expedition to Mount Everest.

The IPL Finals are scheduled to be held today. Which team are you cheering for?

May is the best time to enjoy Indian mangoes like Alphonso, Dussehri, Langra and Kesar.

Goats from different regions develop unique 'accents' in their bleating, just like human languages.

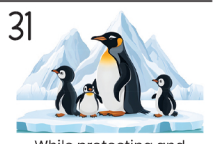

A snail can sleep for up to three years to survive extreme conditions.

On this day in 1953, Sir Edmund Hillary and Tenzing Norgay became the first people to reach the summit of Mount Everest.

The immortal jellyfish can reverse aging, making it live forever.

While protecting and warming their eggs, male emperor penguins don't eat for 65 to 75 days.
